

# SciLifeLab-symposium in Advanced Fluorescence Microscopy

*The Advanced Light Microscopy facility at Science for Life laboratory cordially welcomes you to a symposium covering advanced applications of super-resolution fluorescence imaging from world leading experts*

**09:00 am: Structured Illumination Microscopy**

Rainer Heintzmann – University of Jena, Germany

**09:50 am: Single-Molecule Localization Microscopy**

Mike Heilemann – University of Frankfurt, Germany

Coffee

**11:10 am: Superresolved dynamics and analysis**

Sian Culley – University Central London, UK

**12:00 am: Targeted superresolution imaging**

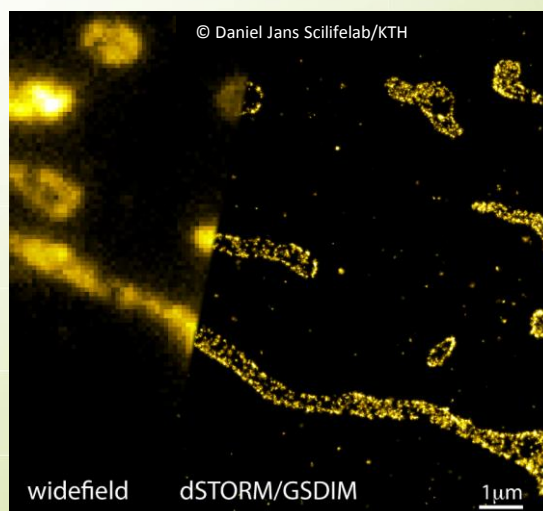

Matthias Reuss – Abberior Instruments

For STEDyCON-demo booking September 27th please contact:  
m.reuss@abberior-instruments.com

**Time:** THURSDAY 26<sup>th</sup> of September

**Place:** ÅNGDOMEN lecture hall, KTH main library  
Osquars backe 31

**Registration :** [hblom@kth.se](mailto:hblom@kth.se)
